

Thank you for your interest in Salix - before completing the application form, please take a moment to read the notes below:

- *the Salix Sponsorship Scheme (s3) is a discount scheme designed to support players who are County or above; we do not offer any full sponsorships at this time.*
- *this scheme is primarily for UK players, however, we can sometimes extend this to overseas players resident during the UK season. Please email if in any doubt.*

how the scheme works

Please complete the form as fully as possible, then photograph and email back to us at office@salixcricketbats.com

We will then assess your application and will reply as soon as we are able (please bear in mind the sheer volume of emails and applications we receive).

The scheme is banded so discounts vary according to the level of cricket played, and will increase as your cricket develops (eg from district to county, county to full Academy selection, Academy into senior County). It is therefore very important that you give as much information as possible in section B - your cricket.

The scheme runs from January to January, so if you are successful, then your place will be reviewed at the end of the year when we will automatically send out renewal details.

The discounts offered to successful applicants are across the range and you are able to buy what you need rather than being compelled to purchase an entire package. We ask only that the key items - bat, pads, gloves, bag - are Salix so that you represent the brand and feel the benefit of quality kit (see below).

Please note that the scheme is between Salix the manufacturer and you the player. It is not applicable to our retail stockists and all pricing and correspondence should remain confidential. This is especially important as we value our stockists so we would ask you to be polite and discreet about the scheme at all times.

Please also note that if you are under the age of 18 it is essential that your parents/guardian are aware of this application and that they sign it before sending it to us for processing.

Data Protection & Privacy

In completing your application form, you are necessarily giving us consent to correspond with you and to send updates on the scheme and related information from Salix by email on the address supplied. This consent can be withdrawn at any time by contacting us on office@salixcricketbats.com

Your details are held securely solely for the purposes of the scheme and our full privacy policy can be seen here on our website: <http://www.salixcricketbats.com/privacy-policy.html>

why Salix?

The Salix Sponsorship Scheme (s3) offers support to promising young cricketers through staged discounts, coupled with access to superior kit and unrivalled expertise in bat manufacturing.

It is important to understand what Salix actually means as a brand and therefore how to make an educated decision on what is right for your game. By choosing a manufacturing brand, you will give yourself the very best chance of using not only the best bats, but the best bats for you.

Our reputation, demand and longevity have not arisen by accident, but because we are manufacturers from the cleft. Shaping the bat is the final part of batmaking, the crucial processes which determine a great bat start with machining, pressing and fitting the cleft. Bat manufacturing can only be defined as making from the cleft - if the early stages are outsourced then the fundamental skill and expertise is not present.

By controlling our own production we are able to bring out the best in every single cleft, and also crucially develop processes - especially in pressing - to produce the most exciting shapes and styles which affect play and performance. We make every single bat to order, whether in person or by mail; we are confident that we can offer the very best bats available to enhance your game: with Salix the best wood goes to our s3 players, not contracted professionals. We give you the service normally restricted to first class players.

This is all very relevant when looking at various brands as it is easy to be dazzled by bigger discounts and big promises. Our scheme is built on supplying exceptional bats and equipment to players who need and deserve it.

Thank you for your interest in Salix - and Good Luck!
